LAID IT ON THE TABLE

Mr. Peake's Bill For New
Offices Didn't Pass.

NO REVOLUTION THIS TIME

Councilman Purinton Sat on It as Hard as Possible and the Thing Staid Down. The Ordinance Amending the Franchise of the Phoenix Company Went the Way of All Flesh, and Council Spent Several Hours Doing a Little Good Work.

Council had a pleasant meeting last night, did not spend a great time in deliberation, and went home apparently satisfied with the result.

Doctor Marshall was absent and Mr. Owen occupied the chair, while the calling of the role developed that Mr. Kent was not in his customary place. The minutes pleased everyone present, and the ordinance governing the salaries of city officials was called for a second reading. Mr. Stewart said the matter had been referred to the finance committee, but the committee had not met and he could not bring it up for the third reading as he had intended. Mr. Purinton promptly informed him that this could not be called a second reading, as the matter was still in the hands of the committee, and that was the last heard of it.

A petition from the Woman's Christian Temperance union was signed by Mrs. E. Owens, Mrs. R. B. Whitehead, Mrs. Shepherd and Mrs. M. Howard. The object of the petition is to have a law compelling children under the age of 14 to keep off the streets after 9 o'clock at night, except when accompanied by their parents. The petition caused no discussion whatever, but was on the motion of Mr. Purinton handed over to the solicitor, with instructions to prepare an ordinance.

The report of the fire committee was against purchasing a building for an East End company, but suggested they would have council buy some ground and move the building now owned to that spot. New hose for the department in that part of town was recommended, but it was deemed advisable to defer the purchase of gum suits for the men until some other time. The report was received, and gave way to an ordinance presented by Mr. Peake. He would have a police court with attending officials and a nice list of salaries. The judge is placed at \$1,000, clerk the same, and prosecutor \$600. On the other hand the mayor is to have \$300 a year. Mr. Purinton wanted the bill laid on the table, but Mr. Stewart moved it be given the finance committee.

"I can see no reason for the ordinance," said Mr. Purinton. "It calls for the salaries of officers which do not exist. Until we become a city of the right grade we can't have them."

"We have had opinions from attorneys all over the state, and the secretary of state has given his opinion," said Mr. Stewart. They all seemed to agree on it. I merely wished to have it referred to finance committee so we could settle it."

"If attorneys differ on it how is council going to settle it," replied Mr. Purinton. "Are the citizens of this town not allowed to say what they want? Who is back of this movement? The law says that 200 property owners shall come into council and ask this. Why are a few people trying to shove it on to us? No one has come in here in a legal way and asked for it. Mr. Peake merely presented that by request. We might as well sit down on it now, and save time. I don't want council to take what I say as gospel, but I think the way I suggest is the most reasonable."

"I think before we vote," said Mr. Owen, "it would be well to have the written opinion of the solicitor."

No one seemed to join the chairman in his desire, and the first motion was put. Stewart, Owen and Challis voted for the idea, but the others stood out against it, and the ordinance did not go to finance committee. Mr. Purinton then moved that it be laid on the table, and Mr. Peake was prompt in seconding. Before it could be put, Mr. Stewart moved as an amendment that it go to the solicitor, and Mr. Purinton accepting, it finally passed in that way.

When the ordinance amending the franchise of the Phoenix company so that seven instead of 12 phones will be free to the city was read, Mr. Purinton said: "I move the ordinance be laid on the table. My reason is this. The very night that ordinance was introduced these parties were here trying to establish an exchange, and said they had no money." The motion carried without a dissenting voice, and the echoes of it were yet in the dingy old room when President Marshall came in and took his seat.

"I desire," said Solicitor Clark, "to call the attention of council to the long delay in the extension of Pleasant street. Parties owning the land will waive all right and not go to court. One lives in New Cumberland and the other in Tiffin. I call this up at the desire of property holders."

Mr. Peake moved the proposition be accepted if made in writing, but Mr. Purinton said: "Is that equivalent to accepting land for street purposes? Is the money ready to pay for it? I understand there is a difference of \$600 in the glass works road because things are not in writing." The motion of Mr. Peake was then put and carried, and in response to Mr. Stewart the solicitor said there was an action in court now which seeks to recover from Elwood Pusey the money he owes the city.

Doctor Marshall made a motion that fire committee be instructed to purchase a lot in East End, assisted by outside parties. Mr. Horwell said they had found several suitable lots in that part of town, when Mr. Peake broke out:

"It seems to me we can't get anything for West End. I shan't vote for anything up there until we get something in our end of town."

Mr. Peake's remarks were passed without comment, while Mr. Purinton amended the motion so that fire committee were instructed to get prices before buying. This was accepted and the motion carried. Mr. Challis thought some private party should do this, as the city often got bled, and it was explained to him that was provided for in the motion.

"There is a claim from Mr. Crease," said the solicitor. "It is a small claim and I am not prepared to say whether it should be paid or not. I don't know who is to blame, but I think it is the fault of the railroad company."

"I think the street railway should be brought to time. From one end of the town to the other you can hear complaint about the crossings. I think the city should take some action," came from Mr. Stewart.

"Where the accident occurred I think is on private property" said Engineer George.

"I don't think we can do anything," said Doctor Marshall. "The only course open to us is to fix the thing up, and pay for it. They do not observe the franchise in anyway except in regard to the five cent fare."

That seemed to settle the matter, and Mr. Peake called attention to a culvert on Land's End, the water from which was damaging the property of Albert Pierce. Then Mr. George stated that the glassworks company wanted to start work on the culvert on the extension of Fourth street, but he didn't want to draw the plans because matters were not yet settled.

"The glass works company want \$600 for their property," said Clerk Hanley. "It was understood that they wanted the money for the right of way."

"They are the only people who want the road," said Solicitor Clark. "When it came to assessing the property one-half, they saw they might be assessed. If they don't want to do as they agreed, let the road stand. I think the engineer had better see Mr. Macrum, and if he will do as they agreed, let him go ahead with the plans."

Apparently this was all the business on hand, and council adjourned, but was called again to consider the dangerous Ainsley property on Second street. William Davidson said it had settled against his house, and he wanted it moved. The solicitor said to appoint three men, and B. R. Little, Clint Morley and Smith Fowler were appointed. Doctor Marshall wanted a committee qualified to do the work, suggesting a bricklayer, carpenter and mason. Council agreed, and the committee was made up of George Phillips, Smith Fowler and Robert Hill. They will look over the old building and order it torn down. Then council went home.

STEALING THE MAIL

A Gang of Youngsters Who Open Letters.

James Hargraves, who resides on the river front near the power house, has been having trouble with a crowd of boys. He has a mail box on the street, and the boys open the letters and take them away. At times they do not return the mail for several days, and there have been instances when they appropriated the mail and kept it. Mr. Hargraves is gathering a few facts in the case, and will likely have the crowd arrested.

Shipping to Mexico.

The Union pottery has recently been extending its trade in the southwest, and has for some time been sending ware to the Mexican border. The other day an order was sent over the river to Mexico.

NO PHOENIX PHONES

The Company Will Not Be
Organized Here.

THEY WANT LOCAL CAPITAL

And That Is Something Which They Do Not Seem Able to Get—H. L. Simms Has Washed His Hands of the Whole Affair—It Is Dead.

There now seems no doubt that the city is not to have a cheaper telephone service, since the Phoenix will in all probability stay out of town.

H. L. Simms told a reporter last night that he had washed his hands of the whole matter. The company originally intended or rather promised to put in the system here, provided a given number of subscribers could be secured. Mr. Simms soon had them the subscribers, and then waited on the company. They seemed anxious to have the franchise pushed through council at the earliest possible moment, and Mr. Simms worked hard. Then the company wanted local capital to help them out, and there was a general smelling of mice about the city. Local capital was slow in taking up a move to fight so powerful a monopoly as the Bell company, and it now seems as though the system would not be put in. The disadvantage in having no outside connection, and the trouble being experienced by the Steubenville company, marred their influence, and the matter seems settled.

One thorn in the path of the new company would have been the manner in which the Bell company would have treated the concern. Prices would have dropped at once below the Phoenix, no matter what rate they might make.

THE FIRST ASSIGNMENT.

Cases to be Disposed of at the February Term.

Special to the News Review.

LISBON, Jan. 29.—Following is the first assignment for the February term of court:
February 3.—Frank M. Osborn versus William F. Kirk; Thomas J. Myers versus New York, Lake Erie & Western railroad; Globe Sewerpipe company versus John Lythe; Gobelle company versus Victor Stove company. Tuesday—Adam Hum versus Pennsylvania company; M. Wenzel versus Salome Wilson; Ryal B. Belton versus Ben Hodgson. Wednesday—E. Flickinger versus J. Flickinger; E. Putnam versus J. Lythe. Thursday—J. Post versus Susan Dunn; Mt. Hope college versus Robert Calvin. Friday—A. C. Bradshaw versus J. C. Deldrick; Mary Anthony versus Anthony Collins.

In probate court today the will of the late John H. Faulk, of East Liverpool, was probated, and F. J. Faulk was made administrator. He gave bond for \$7,000. The appraisers are C. F. Bough, George Huston and Samuel Faulk.

George Kauffman was made administrator of the estate of the late Rachel L. Bigly, of East Liverpool, with \$4,200 bond. William Kent, T. H. Arbuckle and William Erlanger are the appraisers.

WITHOUT NOTICE.

General Axaline Will Inspect the National Guard.

The announcement is made that General Axaline has decided upon a new line of procedure regarding inspection in the National Guard. He proposes to inspect every company, and in no instance will he give more than 24 hours notice. The object is to find what condition they would be in if it was necessary to call out all the troops of the state at one time. On previous inspection tours the route of the adjutant general has been published weeks before inspection, and commands have been given an opportunity to prepare for the event.

STOLE BROWN'S FISH.

Some Thief Got Away With a Few Pounds.

The fish store of P. T. Brown, on West Market street, was robbed the other night, and 50 pounds of fish were taken. The thief gained an entrance through a back window and seemed to have taken matters very easy while in the store. He helped himself to what he could find, and looked carefully for money. He got none because there was none there. The burglary was evidently committed late in the night when there was no one stirring on the streets.

A HOSPITAL MEETING.

The Ladies Will Discuss the Plan on Thursday.

The ladies who have interested themselves in a plan to found and maintain a hospital for the city will

meet in the Young Men's Christian association rooms on Thursday afternoon for the purpose of exchanging ideas. This is the meeting which was postponed from last week because of the illness of some of the leaders. It is earnestly hoped that the meeting will be well attended, for the ladies are anxious to begin work at once, and have no desire to see the matter delayed. The city needs a hospital, and they propose to do all they can to get one here. Meeting called for 3 o'clock.

IS KNOWN HERE.

D. R. Spahr Arrested For Stealing Jewelry.

A Pittsburg paper contains the following:

"D. R. Spahr, 26 years old, a jeweler, was arrested on a charge of embezzlement. The prisoner has been in the employ of Marcus Mazer, a jeweler of Beaver avenue. For some time Mr. Mazer has been suspicious of his employee. He made an information against Spahr before Magistrate McKelvey. Detective Philip McDonough arrested Spahr shortly after noon, and a search revealed that he had four watches and two rings in his pockets. Spahr says it was work he was going to repair."

J. V. Early said today that he had seen the statement, but did not believe it was the same young man by that name who had married his daughter. He had heard nothing from her about it.

THREE BARGES STUCK.

The Alles Got Off Three of Its Grounded Fleet.

The towboat Alles grounded its fleet of eight barges on Line island yesterday and had a hard time of it. Three boats did all they could to help the unfortunate, and five barges were taken off without much damage. The river was falling, however, and they found it impossible to move the others. They will probably remain there until the next rise floats them.

It was decided this afternoon that the barges could not be floated and the only course left was to remove the coal. Barges were taken from here this afternoon, and a force was put at work. To leave the coal in the barges meant the services of a watchman or the loss of many tons.

A PITIABLE CASE.

The Trustees Have Another Fever Patient.

The township trustees have another fever patient and are looking about for quarters in which to place her. She is 19 years of age and came from England a year and a half ago. The family with whom she has been living will not keep her now that she is ill, and the trustees must look after her. As the hospital in the Ferguson & Hill building was established under protest the trustees must have other quarters at once. As soon as arrangements can be made the girl will be sent to the new hospital.

DISAPPEARED FROM VIEW.

An East End Boy Leaves Home in a Hurry.

George, the 16-year-old son of John Langley, of East End, has been missing for several days, and his whereabouts are not known. It is thought that he boarded a freight train and went to seek his fortune in some other section of the world. His friends are concerned about him, but know not which direction to begin to search, even though they should decide to hunt for him. He has left home in the same manner before, and on one occasion caused a commotion by dropping out of sight.

LIFTED THE QUARANTINE.

The Craig Family Have All Recovered.

The quarantine at the residence of Patrick Craig in West End was lifted today, and Officer King will fumigate the place at once. The members of the family who have been suffering from diphtheria have recovered, and it is now thought there is no danger. Anti-toxine was used in each of the four cases, but the children who died were not reported in time for the fluid to do any good.

BURSEN NOT GUILTY.

They Could Not Convict the Irondale Druggist.

Druggist Bursen, the Irondale man who was tried yesterday for breaking the liquor law of the village, was acquitted. There was not enough evidence to show that he had broken the ordinance as was charged, and he was released. The trial drew a great crowd, and much interest was shown in the case. Bursen was defended by Jason H. Brookes, of this city.

Gave a Luncheon.

Mrs. Frank Leonard gave a delightful luncheon at her home on Sixth street this afternoon.

WANT TO MAKE CHINA

Two Potters Have a New
System.

INTERESTING - SOME CAPITAL

They are Keeping It Quiet, But Will Soon Give Out the Scheme if the Men With Money Join Them—It May Mean Another Pottery for the City.

It is possible that another pottery will be added to the plants in this city during the coming summer.

Not long ago two operative potters who are well known in town began an investigation which resulted in a discovery. It is, they believe, one of the most important ever made in connection with the manufacture of ware, and if possible they will make some money out of it. They have no money with which to push the idea, and have been looking for capital to build a plant and equip it with the necessary machinery. They went to Wheeling today where they will confer with several capitalists showing them what they intend putting on the market. They will give out no details of the plan, but admit that it will mean a new pottery for the city if the scheme is carried out. The idea as gleaned from a gentleman who knows something of it is to manufacture a fine grade of art china. It can, they claim, be put on the market for less money than any ware of equal merit now sold in the country, and the body will be of sufficient excellence to make a demand for it in the market.

A PLEASING ENTERTAINMENT.

The Ladies Auxiliary Scored a Complete Success.

The chicken pie supper, given under the auspices of the Ladies auxiliary to the Young Men's Christian association, was a complete success from every standpoint, and reflects credit upon those in charge. The tables were well patronized, and the universal verdict was that the pies were prepared by pastmasters in the art culinary. The male waiters did their full duty, and the names given some of the business men in attendance as females, such as Biddy, Mary Ann, Susan and Nancy, will cling to them for some time to come. Vocal and instrumental music added to the pleasure of the occasion. The exhibition by the Young Men's Christian association athletes, under direction of Professor Homer Morris, was fine and received hearty applause.

THE CONCERT.

Many Liverpool People Went to Wellsville.

The benefit concert, given Mr. Joe McGinnis was attended by a large number of people from this city last evening, and was a pronounced success in every particular. Mr. Carl Retter, on the organ, was a disappointment, the gentleman not being at his best. Mr. Joe McGinnis played the piano as well as usual, and Mrs. Elsie Warren-Mechling delighted the audience with her singing. Mrs. Mechling sang three numbers of the excellent program and displayed to perfection her great talent and training.

COLONEL STICKNEY RETAINED.

He Will Not Leave the River at Present.

It is announced that Colonel Stickney will not be removed from his position in charge of the Ohio until after the appropriation bills have been drawn by the river and harbor committee. This is considered a great victory by the people who want the river improved, for the colonel is the one man in the government service who knows and understands the needs of the stream. The data and information which he can give the committee may be worth a few million in the way of improvement.

GOING TO WASHINGTON.

J. J. Purinton is Pushing the Lenz Case.

J. J. Purinton went to Washington this afternoon for the purpose of laying the case of Frank Lenz before the state department. He has worked and fought so hard, first to establish the fact that Lenz was dead and next to have his murderers punished, that he will not give it up now. The unsettled condition of affairs in Armenia makes the task difficult, but Mr. Purinton proposes to have the state department push it if possible.

A Special Meeting.

A special meeting of the Free Kindergarten association will be held in the Young Men's Christian association parlors at 4 p. m., tomorrow afternoon to complete arrangements for the lecture to be given by Professor Snider, of Chicago, Feb. 6.

Special to the NEWS REVIEW.

LISBON, Jan. 29.—Following is the first assignment for the February term of court:

February 3.—Frank M. Osborn versus William F. Kirk; Thomas J. Myers versus New York, Lake Erie & Western railroad; Globe Sewerpipe company versus John Lythe; Gobelle company versus Victor Stove company. Tuesday—Adam Hum versus Pennsylvania company; M. Wenzel versus Salome Wilson; Ryal B. Belton versus Ben Hodgson. Wednesday—E. Flickinger versus J. Flickinger; E. Putnam versus J. Lythe. Thursday—J. Post versus Susan Dunn; Mt. Hope college versus Robert Calvin. Friday—A. C. Bradshaw versus J. C. Deldrick; Mary Anthony versus Anthony Collins.

In probate court today the will of the late John H. Faulk, of East Liverpool, was probated, and F. J. Faulk was made administrator. He gave bond for \$7,000. The appraisers are C. E. Bough, George Huston and Samuel Faulk.

George Kauffman was made administrator of the estate of the late Rachel L. Bigly, of East Liverpool, with \$4,200 bond. William Kent, T. H. Arbuckle and William Erlanger are the appraisers.

WITHOUT NOTICE.

General Axaline Will Inspect the National Guard.

The announcement is made that General Axaline has decided upon a new line of procedure regarding inspection in the National Guard. He proposes to inspect every company, and in no instance will he give more than 24 hours notice. The object is to find what condition they would be in if it was necessary to call out all the troops of the state at one time. On previous inspection tours the route of the adjutant general has been published weeks before inspection, and commands have been given an opportunity to prepare for the event.

STOLE BROWN'S FISH.

Some Thief Got Away With a Few Pounds.

The fish store of P. T. Brown, on West Market street, was robbed the other night, and 50 pounds of fish were taken. The thief gained an entrance through a back window and seemed to have taken matters very easy while in the store. He helped himself to what he could find, and looked carefully for money. He got none because there was none there. The burglary was evidently committed late in the night when there was no one stirring on the streets.

A HOSPITAL MEETING.

The Ladies Will Discuss the Plan on Thursday.

The ladies who have interested themselves in a plan to found and maintain a hospital for the city will

meet in the Young Men's Christian association rooms on Thursday afternoon for the purpose of exchanging ideas. This is the meeting which was postponed from last week because of the illness of some of the leaders. It is earnestly hoped that the meeting will be well attended, for the ladies are anxious to begin work at once, and have no desire to see the matter delayed. The city needs a hospital, and they propose to do all they can to get one here. Meeting called for 3 o'clock.

IS KNOWN HERE.

D. R. Spahr Arrested For Stealing Jewelry.

A Pittsburg paper contains the following: "D. R. Spahr, 26 years old, a jeweler, was arrested on a charge of embezzlement. The prisoner has been in the employ of Marcus Mazer, a jeweler of Beaver avenue. For some time Mr. Mazer has been suspicious of his employee. He made an information against Spahr before Magistrate McKelvey. Detective Philip McDonough arrested Spahr shortly after noon, and a search revealed that he had four watches and two rings in his pockets. Spahr says it was work he was going to repair."

J. V. Early said today that he had seen the statement, but did not believe it was the same young man by that name who had married his daughter. He had heard nothing from her about it.

THREE BARGES STUCK.

The Allies Got Off Three of Its Grounded Fleet.

The towboat 'Allies' grounded its fleet of eight barges on Line Island yesterday and had a hard time of it. Three boats did all they could to help the unfortunate, and five barges were taken off without much damage. The river was falling, however, and they found it impossible to move the others. They will probably remain there until the next rise floats them. It was decided this afternoon that the barges could not be floated and the only course left was to remove the coal. Barges were taken from here this afternoon, and a force was put at work. To leave the coal in the barges meant the services of a watchman or the loss of many tons.

A PITIABLE CASE.

The Trustees Have Another Fever Patient.

The township trustees have another fever patient and are looking about for quarters in which to place her. She is 19 years of age and came from England a year and a half ago. The family with whom she has been living will not keep her now that she is ill, and the trustees must look after her. As the hospital in the Ferguson & Hill building was established under protest the trustees must have other quarters at once. As soon as arrangements can be made the girl will be sent to the new hospital.

DISAPPEARED FROM VIEW.

An East End Boy Leaves Home in a Hurry.

George, the 16-year-old son of John Langley, of East End, has been missing for several days, and his whereabouts are not known. It is thought that he boarded a freight train and went to seek his fortune in some other section of the world. His friends are concerned about him, but know not which direction to begin to search, even though they should decide to hunt for him. He has left home in the same manner before, and on one occasion caused a commotion by dropping out of sight.

LIFTED THE QUARANTINE.

The Craig Family Have All Recovered.

The quarantine at the residence of Patrick Craig in West End was lifted today, and Officer King will fumigate the place at once. The members of the family who have been suffering from diphtheria have recovered, and it is now thought there is no danger. Anti-toxine was used in each of the four cases, but the children who died were not reported in time for the fluid to do any good.

BURSEN NOT GUILTY.

They Could Not Convict the Irondale Druggist.

Druggist Bursen, the Irondale man who was tried yesterday for breaking the liquor law of the village, was acquitted. There was not enough evidence to show that he had broken the ordinance as was charged, and he was released. The trial drew a great crowd, and much interest was shown in the case. Bursen was defended by Jason H. Brooks, of this city.

Gave a Luncheon.

Mrs. Frank Leonard gave a delightful luncheon at her home on Sixth street this afternoon.

WANT TO MAKE CHINA

Two Potters Have a New
System.

INTERESTING—SOME CAPITAL

They are Keeping it Quiet, But Will Soon Give Out the Scheme if the Men With Money Join Them—It May Mean Another Pottery for the City.

It is possible that another pottery will be added to the plants in this city during the coming summer.

Not long ago two operative potters who are well known in town began an investigation which resulted in a discovery. It is, they believe, one of the most important ever made in connection with the manufacture of ware, and if possible they will make some money out of it. They have no money with which to push the idea, and have been looking for capital to build a plant and equip it with the necessary machinery. They went to Wheeling today where they will confer with several capitalists showing them what they intend putting on the market. They will give out no details of the plan, but admit that it will mean a new pottery for the city if the scheme is carried out. The idea as gleaned from a gentleman who knows something of it is to manufacture a fine grade of art china. It can, they claim, be put on the market for less money than any ware of equal merit now sold in the country, and the body will be of sufficient excellence to make a demand for it in the market.

A PLEASANT ENTERTAINMENT.

The Ladies Auxiliary Scored a Complete Success.

The chicken pie supper, given under the auspices of the Ladies auxiliary to the Young Men's Christian association, was a complete success from every standpoint, and reflects credit upon those in charge. The tables were well patronized, and the universal verdict was that the pies were prepared by pastmasters in the art culinary. The male waiters did their full duty, and the names given some of the business men in attendance as females, such as Biddy, Mary Ann, Susan and Nancy, will cling to them for some time to come. Vocal and instrumental music added to the pleasure of the occasion. The exhibition by the Young Men's Christian association athletes, under direction of Professor Homer Morris, was fine and received hearty applause.

THE CONCERT.

Many Liverpool People Went to Wells-ville.

The benefit concert given Mr. Joe McGinnis was attended by a large number of people from this city last evening, and was a pronounced success in every particular. Mr. Carl Retter, on the organ, was a disappointment, the gentleman not being at his best. Mr. Joe McGinnis played the piano as well as usual, and Mrs. Elsie Warren-Mechling delighted the audience with her singing. Mrs. Mechling sang three numbers of the excellent program and displayed to perfection her great talent and training.

COLONEL STICKNEY RETAINED.

He Will Not Leave the River at Present.

It is announced that Colonel Stickney will not be removed from his position in charge of the Ohio until after the appropriation bills have been drawn by the river and harbor committee. This is considered a great victory by the people who want the river improved, for the colonel is the one man in the government service who knows and understands the needs of the stream. The data and information which he can give the committee may be worth a few million in the way of improvement.

GOING TO WASHINGTON.

J. J. Purinton Is Pushing the Lenz Case.

J. J. Purinton went to Washington this afternoon for the purpose of laying the case of Frank Lenz before the state department. He has worked and fought so hard, first to establish the fact that Lenz was dead and next to have his murderers punished, that he will not give it up now. The unsettled condition of affairs in Armenia makes the task arduous, but Mr. Purinton proposes to have the state department push it if possible.

A Special Meeting.

A special meeting of the Free Kindergarten association will be held in the Young Men's Christian association parlors at 4 p. m., tomorrow afternoon to complete arrangements for the lecture to be given by Professor Snider, of Chicago, Feb. 6.

EAST LIVERPOOL, O., WEDNESDAY, JAN. 25.

For President, WILLIAM MCKINLEY, Of Ohio.

SOME OF IT IS WEST. The Cleveland Leader wisely remarks:

"The trouble with the Eastern newspapers is that they do not realize the extent and importance of their country. They seem to be impressed with the notion that all there is of the United States worth having or preserving is located on Manhattan Island, in New England, and in New Jersey and the eastern part of Pennsylvania. But the Middle and Western states are pushing to the front. If they cannot now control national affairs they soon will be able to do so, and when that time comes the people of the east will discover that they are not all there is of the American nation."

The Leader however forgets that the east knows there is such a place as Ohio. Even now Mr. Reed, of Maine, and Mr. Martin, of New York, are earnestly wishing there was no such place.

FOR PURER ELECTIONS.

No man who has ever been a candidate for office will deny that it costs money to be the chosen of the people. Voters are not bought—men are never asked how much they will take to vote for a man, but there are expenses which shut out the poor and make running for office a luxury as it were. Senator Garfield, the young but brainy son of the late president, has introduced a bill into the legislature which deals none too harshly with the matter. He has stated the price per hundred votes, candidates not being allowed to go over that amount, which is so small that to think of buying votes for the amount named would be ridiculous. The bill cares for every phase of this vexatious question and provides for contingencies that might at any time arise. It cuts deep into the expense at which candidates are put and places them in danger of the penitentiary should they swear falsely to the amount of money spent in seeking political honor. While there is not much chance of the bill becoming a law because of the varied interests that would oppose it, there is no doubt that it is needed and would work wonders in Ohio campaigns if placed on the statute books.

A NEW B. & O. SYSTEM.

Pittsburg to Chicago Lines to Form It. King to Be President.

BALTIMORE, Jan. 29.—It is not improbable that the refunding of the floating debt of the Baltimore & Ohio Railroad company will result in the formation of a new system, to be known as the Baltimore and Ohio Northwestern. The proposed collateral trust loan will probably amount to \$12,000,000 instead of \$10,000,000, as at first estimated, the greater part of it being intended to fund existing debts, and the balance to provide for needed improvements on the entire system.

To carry out this arrangement, it is intended to form, it is said, the Baltimore and Ohio Northwestern system out of the various small branches running from Pittsburg to Chicago and forming the main line to Chicago. The Pittsburg and Western branch will be the nucleus of the proposed new system. Mr. Thomas M. King, second vice president, will likely be elevated to the presidency of the new line.

REWARDED FOR ATTENDING CHURCH.

Thief Hears a Sister Tell Where She Left Her Jewelry and Gobbles It.

WELLSFLEET, Neb., Jan. 29.—Mort Green, whom the authorities were shadowing as a dangerous suspect, dropped into the Free Methodist revival meeting in this place just in time to hear Bunker Houston's wife explaining, in giving her experience, that she had just discarded her diamonds and other jewelry since she thought it ungodly to wear them and had left them on her dresser. Green left the church, broke into the Houston residence, took the jewels, worth \$50,000, and left a note, saying he was glad he could remove temptation from the good woman.

JOSEPH BROS.

RECALL OF THURSTON.

Secretary of the Late Mr. Gresham Explains.

EX-MINISTER INSPIRED ATTACKS

On the Administration—One Article Came From Hatch, the Present Minister From Hawaii, So Thurston Acknowledged. Begged to Be Allowed to Resign.

CHICAGO, Jan. 29.—"Lorin A. Thurston begged Secretary Gresham not to forward his letter of recall to Honolulu, and offered, if the letter was not sent, to immediately return to Hawaii and tender his resignation as minister to that country," said H. M. Landis, ex-private secretary of the late Secretary of State Gresham, when he read the charges made against Gresham and the president, an account of which has already appeared in these dispatches. It will be remembered that Thurston charged the late secretary with trying to pick quarrels with him and denying him information he should have received before it was made public by the state department.

"Long prior to the recall of Thurston," said he, "it was known he was maintaining, in the Hawaiian delegation at Washington, a press bureau. This was known to the members of the diplomatic corps and to the best posted men of newspaper row. The object of this bureau was to secure the publication of matter abusive of the administration and of those Americans who were opposed to annexation of Hawaii."

"An original draft of an article coming from Mr. Thurston was secured and submitted to Secretary Gresham. Mr. Thurston was called to the state department and the original shown to him. Thurston said that he had been indiscreet, had not meant to say what he did and left the office apologizing for the matter and promising that it should not occur again."

"As a matter of fact it was learned afterward by the state department that this attack on the administration, which Thurston permitted newspaper correspondents to copy in his office, came, on the statement of Thurston, not from himself, but from their Minister of Foreign Affairs of Hawaii Hatch, who is now the minister to this country. Mr. Thurston, I understand, was also persona non grata in his own country."

"No state official of this government was bound by any code of diplomacy to perpetually endure the press attacks which Mr. Thurston authorized from the legation of which he was the head."

Three Indicted For a Murder.

NEW YORK, Jan. 29.—The coroner's jury in the case of William E. Lator, who was found murdered in his home in Long Island City on Jan. 2, returned a verdict accusing his mother, Mary Lator, of the crime, and John Fleishower and Anthony Folsa of being accessories to the murder.

A Young Girl Murdered.

DIOBY, N. S. E., Jan. 29.—The body of Annie Kempton, the 16-year-old daughter of Isaac Kempton, has been found horribly mutilated in her home at Digby. She had been assaulted and murdered while alone in the house.

FOREIGN AFFAIRS AND FINANCE.

These Two Subjects Occupy the Attention of the Senate.

WASHINGTON, Jan. 29.—Foreign affairs and finance occupied the attention of the senate. Mr. Thurston (Neb.) vigorously upheld a strong application of the Monroe doctrine and was at times warmly applauded for the patriotic ring of his sentiments. Senator Turpie (Ind.) touched upon the Turkish atrocities in a brief but very energetic speech in which he declared the resolution just passed by congress should be followed by a blow, a shot, which should crash through the sultan's seraglio sweeping back Mohammedanism and advancing Christianity.

Mr. Voorhees (Ind.), who was until recently chairman of the finance committee, spoke in advocacy of the re-monetization of silver and sharply arraigned those responsible for the diminution of the silver from the coinage.

Mr. Gray (Del.) urged the advantage of a gold standard. His speech was notable in its presentation of the fluctuations of prices, showing them to result from invention and natural causes and not from silver demonetization. Mr. Clark (Wyo.) spoke in favor of silver coinage.

Another effort was made by Mr. Jones (Ark.) in charge of the silver bond bill, to have the vote fixed for tomorrow. Mr. Hill objected, however, and Mr. Jones notified senators to prepare for a test of endurance tomorrow, as he would ask them to sit until a vote was taken.

A fruitless discussion of the resolution to inquire into the arrest of Eugene V. Debs occurred, but action was deferred.

OUR UNDEFEATED COASTS.

Major General Miles Before the House Committee on Coast Defenses.

WASHINGTON, Jan. 29.—Major General Nelson A. Miles, commanding the army, before the committee on coast defenses, has made a statement of the condition of the coast defenses on both the Atlantic and Pacific coasts and Gulf of Mexico. He stated that the guns now mounted at Savannah, Charleston and other ports are smooth bores of obsolete patterns and useless and are mounted on rotten carriages. The only places where provision has been made for any considerable defense are New York, San Francisco and Boston and defenses at these places are entirely inadequate and insufficient.

He said that our cities are open to attack by any country having a large navy and that it would take years to create the necessary armament. He estimated that the entire cost of coast defenses for adequate protection of the country at about \$60,000,000 for fortifications and guns. This would not include the cost of ammunition and projectile.

THE ARMENIAN RESOLUTION.

It Is Now In the Hands of the President For Consideration.

WASHINGTON, Jan. 29.—The concurrent resolution requesting the president to communicate to the governments of Europe, parties to the treaty of Berlin, the wish of congress that these powers should intervene to protect the Christians in Turkey has reached the state department and has been sent over to the executive mansion for the consideration of the president.

While this resolution does not require the approval of the president it may be that he will deliberate some time before acceding to the request, in view of the importance of the subject and the possible far-reaching results of acceding to the request of congress.

Diplomatic and Consular Bill Passed.

WASHINGTON, Jan. 29.—The session of the house was brief. Contrary to general expectation the diplomatic and consular appropriation bill precipitated no discussion whatever. None of the foreign complications was even mentioned and the bill was passed in less than an hour. The appropriations carried by the bill are about \$100,000 in excess of those appropriated for the current fiscal year.

Tariff Bill Will Be Delayed.

WASHINGTON, Jan. 29.—Senator Jones of Nevada was present at a meeting of the senate committee on finance, but the revenue tariff bill was not taken up. It is the understanding that the bill will not be considered again by the committee until after the silver bond bill shall have been disposed of by the senate, when, it is now believed, it will be promptly reported in some shape.

To Urge Morton's Candidacy.

WASHINGTON, Jan. 29.—The New York Republican delegation in the house will hold a conference within a few days in the interest of Levi P. Morton's candidacy for the presidential nomination.

RELIEF FOR ARMENIA.

A W. C. T. U. Petition Presented to the Senate.

SPEAR COMMITTEE APPOINTED.

House Members Named to Investigate the Clinton County Statesman—The Mosgrove Medical Bill Recommended For Passage.

COLUMBUS, Jan. 29.—Senator Howard of Greene has presented a lengthy petition in the senate from the Woman's Christian Temperance union of the state asking that a resolution be introduced providing for relief from Ohio for the persecuted Armenians. The petition was placed on file.

Senator Avery of Cuyahoga presented a petition from citizens of Cleveland asking that the age of consent in girls be raised from 14 to 18 years.

Senator Whittlesey's cigarette bill came back from the house, but was postponed till tomorrow. A vigorous fight is being made against it.

Senator Clark of Cuyahoga introduced a bill raising the penalty for petit larceny from 30 days to one year, and for grand larceny from seven years to ten years.

In the house, the speaker appointed as members of the committee to investigate Hon. Charles A. Spear, the member from Clinton county, Messrs. Harris of Lake, Hensley of Marion, Hutchison of Columbiana, Mason of Cuyahoga and Hazlett of Crawford.

Bills were passed as follows: Amending section 6964 so as to authorize the selling of deer.

Providing that persons who repair fences along railroads shall have a lien upon the property.

Amending the two-mile pike law so as to equalize assessments when the road is within one mile of a county line.

The following bills were introduced: Mr. Mason, increasing Dow tax to \$500.

Mr. Goodale, increasing Dow tax to \$350.

Mr. Leland, increasing Dow tax to \$500.

Mr. McVean, dividing arson into three grades.

Mr. Snider, dividing burglary into four grades.

Mr. Lewis, making game personal property of land owner.

Mr. Parkman, abolishing capital punishment and providing solitary confinement for first degree murder, also making the crime unpardonable.

Mr. Hart, giving electric railways same right to enter municipalities as steam railroads.

Mr. Hensley, making corner lot assessment law read "abutting feet," instead of "front feet."

Mr. Griffith, providing that counties shall pay \$50 to \$100 for capture and conviction of felon.

Mr. Swingle's joint resolution memorializing congress to restore the tariff on wool was adopted.

The committee on medical colleges recommended the passage of the Mosgrove medical bill.

The amendment to the Boxwell high school law was defeated.

Railroads Compelled to Cut Rates.

CLEVELAND, Jan. 29.—The numerous electric railroads to Northern Ohio are causing the steam roads a great deal of anxiety by taking from them their short haul freight and passengers. The Erie company has taken the bull by the horns and decided to reduce the passenger rates in the region of Youngstown and Warren to the level of the fares charged by the competing electric lines there.

The Cleveland, Canton and Southern railroad has already made a reduction of 2 cents per mile on certain round trip tickets.

Of Interest to Railroads.

CLEVELAND, Jan. 29.—Harry O. Shaven, sued the Pennsylvania company for \$25,000 for personal injuries received as a brakeman. He was a member of the Voluntary Relief association of the Pennsylvania company and received benefit from it. Membership involves the waiving of the right to hold the railroad company liable for any injury for which benefit is received. Shaven's attorneys tried to show that this is illegal. Judge Ricks overruled a motion which had that proposition as its basis.

W. C. T. U. Scores a Victory.

DAYTON, O., Jan. 29.—Henry Winters, one of the three saloonkeepers arrested at the instigation of the Woman's Christian Temperance union on the charge of keeping his place open on Sunday, was tried before a jury in police court and found guilty. He was fined \$25 and sentenced to 30 days in the workhouse. The ladies are greatly encouraged over the conviction of Winters and other raids are anticipated.

Lost Through Ramp.

CINCINNATI, Jan. 29.—Mr. Charles Miller, undertaker, ex-treasurer of Hamilton county, present president of the Hamilton board of election, has made an assignment for the benefit of creditors. Assets, \$25,000; liabilities, not stated. Mr. Miller is reported to have sustained serious losses of money through dealings with Samuel W. Ramp, the late cashier of the Market National bank.

Voting Out the Saloons.

OXFORD, O., Jan. 29.—Paddy's Run, or Shandon, has voted out the saloons. Venice is expected to do likewise Saturday next, and Oxford is in favor of taking a similar step at home. A meeting in the Presbyterian church recently to consider the question is likely to result in the beginning of a crusade.

Engineer Bursts a Blood Vessel.

COLUMBUS, Jan. 29.—Patrick Cahill, aged 37 years, a well known locomotive engineer, living at 351 Furnace street, has fallen dead on West Broad street, death resulting from the bursting of a blood vessel.

Their First Annual Convention.

CLEVELAND, Jan. 29.—The Manufacturers' Association of plumbers' brass goods, which was organized at Pittsburg last month, is holding its first annual convention in this city.

MASSACRES EXAGGERATED.

A British Blue Book Issued Regarding the Killing of Armenians.

LONDON, Jan. 29.—Blue books have been issued containing all the official dispatches relative to Armenia between July 24, 1894, and Oct. 16, 1895, and the reports of the consular delegates attached to the Sassoon commission. The report says the Turkish agitator, Murad, instigated several Armenian outrages on Kurds. The latter then retaliated and brought on the massacres.

The report shows the number of killed has been grossly exaggerated, although there may have been many more. There is appended, however, to the report a tabulated list of all evidence tendered to the commission. The six villages mentioned show a total of 265 victims, distributed as follows: Shenik, 114; Semal, 65; Ghelleuzan, the scene of the story of the great pit which was filled to overflowing with massacred victims, 40; Agpa, 22; Spagank, 10; Talori, 14.

The British Delegate Shipley, while he admits that there was violation of women's asserts that the alleged wholesale butchery of women was not confirmed. He declares that the Armenians were hunted like wild beasts and if the slaughter was not greater it was solely owing to the vastness of the mountain fastnesses which facilitated the escape of the Armenians. He was convinced that the Turks were bent on complete extermination in some districts.

NO G. A. R. ENCAMPMENT.

At Least the Natlook Is Very Slim, Owing to the Railroads.

CHICAGO, Jan. 29.—Commander I. N. Walker said, after he had been informed the Western Passenger association would not grant the desired extension on the tickets: "Well, that simply lets St. Paul out of it. That is all there is to that. The entire matter will now be reopened and another city selected for the encampment."

When informed that the other roads of the Joint Traffic association had declared that they would not grant terms more favorable than those already made by the western lines Commander Walker replied: "Then there will be no G. A. R. encampment this year. We must have 30-day tickets or we will not have any encampment."

Dies After Living 129 Years.

MCDONOUGH, Ga., Jan. 29.—Hiram Lester has died on the poor farm of Henry county of old age, being in his 129th year at the time of his death. He was born in 1767, and claimed to have been in the Revolutionary war, also that of 1812. He leaves one son and a daughter. His son is 87 years old, and is the younger of the two children.

A Girl Bound, Gagged and Robbed.

CANTON, O., Jan. 29.—Maggie Reese has been found in her room bound and gagged, lying on the floor in her night robe. She had been awakened during the night by some one in her room, and when she attempted to get up, was overcome, after a struggle. Her pocketbook was rifled and \$60 taken.

Murdered Each Other.

FORT WORTH, Jan. 29.—At Shofter's Lake, Andrews county, Crick Atmore and Wils Mason quarreled over a section of school land both wanted. Atmore was shot in the head, dying instantly and Mason was shot in the body, dying in less than an hour.

Fifty-Six Perished In the Mine.

CARDIFF, Wales, Jan. 29.—The exploration of the coal mine near Tylors-town, which was wrecked by an explosion of fire-damp, has been completed and it is found that the total number of killed amounts to 56.

EAST LIVERPOOL, O., WEDNESDAY, JAN. 29.

For President, WILLIAM MCKINLEY, Of Ohio.

SOME OF IT IS WEST. The Cleveland Leader wisely remarks:

"The trouble with the Eastern newspapers is that they do not realize the extent and importance of their country. They seem to be impressed with the notion that all there is of the United States worth having or preserving is located on Manhattan Island, in New England, and in New Jersey and the eastern part of Pennsylvania. But the Middle and Western states are pushing to the front. If they cannot now control national affairs they soon will be able to do so, and when that time comes the people of the east will discover that they are not all there is of the American nation."

The Leader however forgets that the east knows there is such a place as Ohio. Even now Mr. Reed, of Maine, and Mr. Martin, of New York, are earnestly wishing there was no such place.

FOR PURER ELECTIONS.

No man who has ever been a candidate for office will deny that it costs money to be the chosen of the people. Voters are not bought—men are never asked how much they will take to vote for a man, but there are expenses which shut out the poor and make running for office a luxury as it were. Senator Garfield, the young but brainy son of the late president, has introduced a bill into the legislature which deals none too harshly with the matter. He has stated the price per hundred votes, candidates not being allowed to go over that amount, which is so small that to think of buying votes for the amount named would be ridiculous. The bill cares for every phase of this vexatious question and provides for contingencies that might at any time arise. It cuts deep into the expense at which candidates are put and places them in danger of the penitentiary should they swear falsely to the amount of money spent in seeking political honor. While there is not much chance of the bill becoming a law because of the varied interests that would oppose it, there is no doubt that it is needed and would work wonders in Ohio campaigns if placed on the statute books.

A NEW B. & O. SYSTEM.

Pittsburg to Chicago Lines to Form It. King to Be President.

BALTIMORE, Jan. 29.—It is not probable that the refunding of the floating debt of the Baltimore & Ohio Railroad company will result in the formation of a new system, to be known as the Baltimore and Ohio Northwestern. The proposed collateral trust loan will probably amount to \$12,000,000 instead of \$10,000,000, as at first estimated, the greater part of it being intended to fund existing debts, and the balance to provide for needed improvements on the entire system.

To carry out this arrangement, it is intended to form, it is said, the Baltimore and Ohio Northwestern system out of the various small branches running from Pittsburg to Chicago, and forming the main line to Chicago. The Pittsburg and Western branch will be the nucleus of the proposed new system. Mr. Thomas M. King, second vice president, will likely be elevated to the presidency of the new line.

REWARDED FOR ATTENDING CHURCH.

Thief Hears a Sister Tell Where She Left Her Jewelry and Goggles It.

WELFLEET, Neb., Jan. 29.—Mort Green, whom the authorities were shadowing as a dangerous suspect, dropped into the Free Methodist revival meeting in this place just in time to hear Banker Houston's wife explaining, in giving her experience, that she had just discarded her diamonds and other jewelry since she thought it ungodly to wear them and had left them on her dresser. Green left the church, broke into the Houston residence, took the jewels, worth \$50,000, and left a note, saying he was glad he could remove temptation from the good woman.

JOSEPH BROS.

RECALL OF THURSTON.

Secretary of the Late Mr. Gresham Explains.

EX-MINISTER INSPIRED ATTACKS

On the Administration—One Article Came From Hatch, the Present Minister From Hawaii, So Thurston Acknowledged. Begged to Be Allowed to Resign.

CHICAGO, Jan. 29.—"Lorin A. Thurston begged Secretary Gresham not to forward his letter of recall to Honolulu, and offered, if the letter was not sent, to immediately return to Hawaii and tender his resignation as minister to that country," said H. M. Landis, ex-private secretary of the late Secretary of State Gresham, when he read the charges made against Gresham and the president, an account of which has already appeared in these dispatches. It will be remembered that Thurston charged the late secretary with trying to pick quarrels with him and denying him information he should have received before it was made public by the state department.

"Long prior to the recall of Thurston," said he, "it was known he was maintaining, in the Hawaiian delegation at Washington, a press bureau. This was known to the members of the diplomatic corps and to the best posted men of Newspaper row. The object of this bureau was to secure the publication of matter abusive of the administration and of those Americans who were opposed to annexation of Hawaii."

"An original draft of an article coming from Mr. Thurston was secured and submitted to Secretary Gresham. Mr. Thurston was called to the state department and the original shown to him. Thurston said that he had been indiscreet, had not meant to say what he did and left the office apologizing for the matter and promising that it should not occur again."

"As a matter of fact it was learned afterward by the state department that this attack on the administration, which Thurston permitted newspaper correspondents to copy in his office, came, on the statement of Thurston, not from himself, but from his Minister of Foreign Affairs of Hawaii Hatch, who is now the minister to this country. Mr. Thurston, I understand, was also persona non grata in his own country."

"No state official of this government was bound by any code of diplomacy to perpetually endure the press attacks which Mr. Thurston authorized from the legation of which he was the head."

Three Indicted For a Murder.

NEW YORK, Jan. 29.—The coroner's jury in the case of William E. Lator, who was found murdered in his home in Long Island City on Jan. 3, returned a verdict accusing his mother, Mary Lator, of the crime, and John Fleishower and Anthony Folsa of being accessories to the murder.

A Young Girl Murdered.

DIGBY, N. S. E., Jan. 29.—The body of Annie Kempton, the 16-year-old daughter of Isaac Kempton, has been found horribly mutilated in her home at Digby. She had been assaulted and murdered while alone in the house.

RELIEF FOR ARMENIA.

A W. C. T. U. Petition Presented to the Senate.

SPEAR COMMITTEE APPOINTED.

House Members Named to Investigate the Clinton County Statesman—The Mosgrove Medical Bill Recommended For Passage.

COLUMBUS, Jan. 29.—Senator Howard of Greene has presented a lengthy petition in the senate from the Woman's Christian Temperance union of the state asking that a resolution be introduced providing for relief from Ohio for the persecuted Armenians. The petition was placed on file.

Senator Avery of Cuyahoga presented a petition from citizens of Cleveland asking that the age of consent in girls be raised from 14 to 18 years.

Senator Whittlesey's cigarette bill came back from the house, but was postponed till tomorrow. A vigorous fight is being made against it.

Senator Clark of Cuyahoga introduced a bill raising the penalty for petit larceny from 30 days to one year, and for grand larceny from seven years to ten years.

In the house, the speaker appointed as members of the committee to investigate Hon. Charles A. Spear, the member from Clinton county, Messrs. Harris of Lake, Hensley of Marion, Hutcheson of Columbiana, Mason of Cuyahoga and Hazlett of Crawford.

Bills were passed as follows: Amending section 664 so as to authorize the selling of deer.

Providing that persons who repair fences along railroads shall have a lien upon the property.

Amending the two-mile pike law so as to equalize assessments when the road is within one mile of a county line.

The following bills were introduced: Mr. Mason, increasing Dow tax to \$500.

Mr. Goodale, increasing Dow tax to \$350.

Mr. Leland, increasing Dow tax to \$500.

Mr. McVean, dividing arson into three grades.

Mr. Snider, dividing burglary into four grades.

Mr. Lewis, making game personal property of land owner.

Mr. Parkham, abolishing capital punishment and providing solitary confinement for first degree murder, also making the crime unpardonable.

Mr. Hart, giving electric railways same right to enter municipalities as steam railroads.

Mr. Hensley, making corner lot assessment law read "abutting feet," instead of "front feet."

Mr. Griffith, providing that counties shall pay \$50 to \$100 for capture and conviction of felon.

Mr. Swingle's joint resolution memorializing congress to restore the tariff on wool was adopted.

The committee of medical colleges recommended the passage of the Mosgrove medical bill.

The amendment to the Boxwell high school law was defeated.

RAILROADS COMPELLED TO CUT RATES.

CLEVELAND, Jan. 29.—The numerous electric railroads to Northern Ohio are causing the steam roads a great deal of anxiety by taking from them their short haul freight and passenger. The Erie company has taken the ball by the horns and decided to reduce the passenger rates in the region of Youngstown and Warren to the level of the fares charged by the competing electric lines there. The Cleveland, Canton and Southern railroad has already made a reduction of 2 cents per mile on certain round trip tickets.

OF INTEREST TO RAILROADERS.

CLEVELAND, Jan. 29.—Harry O. Shaven, sued the Pennsylvania company for \$25,000 for personal injuries received as a brakeman. He was a member of the Voluntary Relief association of the Pennsylvania company and received benefit from it. Membership involved the waiving of the right to hold the railroad company liable for any injury for which benefit is received. Shaven's attorneys tried to show that this is illegal. Judge Ricks overruled a motion which had that proposition as its basis.

W. C. T. U. Scores a Victory.

DAYTON, O., Jan. 29.—Henry Winters, one of the three saloonkeepers arrested at the instigation of the Woman's Christian Temperance union on the charge of keeping his place open on Sunday, was tried before a jury in police court and found guilty. He was fined \$25 and sentenced to 30 days in the workhouse. The ladies are greatly encouraged over the conviction of Winters and other raids are anticipated.

Lost Through Ramp.

CINCINNATI, Jan. 29.—Mr. Charles Miller, undertaker, ex-treasurer of Hamilton county, present president of the Hamilton board of election, has made an assignment for the benefit of creditors. Assets, \$25,000; liabilities not stated. Mr. Miller is reported to have sustained serious losses of money through dealings with Samuel W. Ramp, the late cashier of the Market National bank.

Voting Out the Saloons.

OXFORD, O., Jan. 29.—Paddy's Run, or Shandon, has voted out the saloons. Venice is expected to do likewise Saturday next, and Oxford is in favor of taking a similar step at home. A meeting in the Presbyterian church recently to consider the question is likely to result in the beginning of a crusade.

Engineer Bursts a Blood Vessel.

COLUMBUS, Jan. 29.—Patrick Cahill, aged 37 years, a well known locomotive engineer, living at 251 Furnace street, has fallen dead on West Broad street, death resulting from the bursting of a blood vessel.

Their First Annual Convention.

CLEVELAND, Jan. 29.—The Manufacturers' Association of plumbers' brass goods, which was organized at Pittsburg last month, is holding its first annual convention in this city.

MASSACRES EXAGGERATED.

A British Blue Book Issued Regarding the Killing of Armenians.

LONDON, Jan. 29.—Blue books have been issued containing all the official dispatches relative to Armenia between July 24, 1894, and Oct. 16, 1895, and the reports of the consular delegates attached to the Sassoon commission. The report says the Turkish agitator, Murad, instigated several Armenian outrages on Kurds. The latter were retaliated and brought on the massacres.

The report shows the number of killed has been grossly exaggerated, although there may have been many more. There is appended, however, to the report a tabulated list of all evidence tendered to the commission. The six villages mentioned show a total of 265 victims, distributed as follows: Shenik, 114; Semal, 65; Ghellezuan, the scene of the story of the great pit which was filled to overflowing with massacred victims, 40; Agpa, 22; Spagank, 10; Talori, 14.

The British Delegate Shipley, while he admits that there was violation of women, asserts that the alleged wholesale butchery of women was not confirmed. He declares that the Armenians were hunted like wild beasts and if the slaughter was not greater it was solely owing to the vastness of the mountain fastnesses which facilitated the escape of the Armenians. He was convinced that the Turks were bent on complete extermination in some districts.

NO G. A. R. ENCAMPMENT.

At Least the Nantook Is Very Slim, Owning to the Railroads.

CHICAGO, Jan. 29.—Commander I. N. Walker said, after he had been informed the Western Passenger association would not grant the desired extension on the tickets: "Well, that simply lets St. Paul out of it. That is all there is to that. The entire matter will now be reopened and another city selected for the encampment."

When informed that the other roads of the Joint Traffic association had declared that they would not grant terms more favorable than those already made by the western lines Commander Walker replied: "Then there will be no G. A. R. encampment this year. We must have 30-day tickets or we will not have any encampment."

Dies After Living 129 Years.

McDONOUGH, Ga., Jan. 29.—Hiram Lester has died on the poor farm of Henry county of old age, being in his 129th year at the time of his death. He was born in 1767, and claimed to have been in the Revolutionary war, also that of 1812. He leaves one son and a daughter. His son is 87 years old, and is the younger of the two children.

A Girl Bound, Gagged and Robbed.

CANTON, O., Jan. 29.—Maggie Reese has been found in her room bound and gagged, lying on the floor in her night robe. She had been awakened during the night by some one in her room, and when she attempted to get up, was overpowered, after a struggle. Her pocketbook was rifled and \$60 taken.

Murdered Each Other.

FORT WORTH, Jan. 29.—At Shoffer's Lake, Andrews county, Crick and Moore and Wils Mason quarreled over a section of school land both wanted. Atmore was shot in the head, dying instantly and Mason was shot in the body, dying in less than an hour.

Fifty-Six Perished in the Mine.

CARDIFF, Wales, Jan. 29.—The exploration of the coal mine near Tylorstown, which was wrecked by an explosion of gas, has been completed and it is found that the total number of killed amounts to 56.

Filibusters Come to Grief, but Not Through Capture.
THE HUNTED HAWKINS WRECKED.
She Sprang a Leak Off Long Island and Three Schooners Rescued the Warriors. A Number Drowned—Lot of Arms and Ammunition Thrown Overboard.
NEW YORK, Jan. 29.—Some survivors from the Cuban filibuster steamer Hawkins, wrecked off Long Island Monday morning, have reached this city. Authorities all along the coast, from this city to Florida, were on the lookout for her, not knowing that the vessel had been wrecked. The cruisers Montgomery and Raleigh were also supposed to be on the lookout. A survivor says that she had 120 men on board, all being rescued by three schooners, but six who were drowned in getting on to the boats.
The vessel sprang a leak about 3 o'clock Monday morning and they were unable to keep her going in the rough sea. The water put out the fires. They threw overboard all the coal and the arms and ammunition. There were over \$80,000 worth of arms alone, two Hotchkiss rifles, 1,200 Remington and Winchester guns, 1,000,000 rounds of ammunition. In addition to this there were 3,000 pounds of dynamite and a lot of raw material for making heavy explosives.
Calisto Garcia Iniga was in command of the revolutionists and his son, Carlos Garcia, was second in command. General Rosa was also on board. The survivors were landed at different points along the coast.
At the Cuban headquarters, 66 Broadway, it was denied that the Hawkins was on its way to Cuba.
The survivors that reached this city were landed at Vineyard Haven, N. J., by the schooner Helen H. Benedict. The other two schooners are on their way to Boston.
A Boston special says: The arrivals of schooners Helen H. Benedict and Leander V. Beebe are anxiously awaited to furnish more satisfactory details of the foundering of the steamer J. W. Hawkins, carrying an alleged filibustering expedition in the waters south of New England. Both the schooners mentioned are coal laden, and from Norfolk to Boston, and according to meagre particulars of the disaster at sea, bringing into safety many survivors, the exact number of those lost at sea being undetermined until the number saved are fully accounted for.
FOR PERMANENT ARBITRATION.
A Petition to Be Circulated Throughout the United States and England.
LONDON, Jan. 29.—The text of a declaration is published here urging the establishment of a permanent tribunal of arbitration for all the English speaking nations and suggesting that the governments give effect to the resolutions on this subject of congress in 1892 and the house of commons in 1893. The declaration is signed by Dean Farrar, the bishop of Durham, the canon of Westminster, Editor William Stead, the Rev. Hugh Price Hughes, editor of The Methodist Times; Lady Henry Somerset and the most noted men and women reformers in Great Britain.
The declaration will now be sent throughout Great Britain and the United States for signatures.
NO RUSSIAN FLEET READY.
A Denial of Military Preparations to Divide Up Turkey.
LONDON, Jan. 29.—It was semi-officially announced that there is no truth in the dispatch published by The Daily News from Vienna, given in these dispatches yesterday, saying that news from Constantinople and Sebastopol showed that Russia has a fleet lying off Sebastopol and Odessa.
Also that her Caucasian armies are being concentrated on the Armenian frontier in readiness to move next spring for the purpose of partitioning Turkey between the powers. Russia taking Armenia and Constantinople, France taking Syria and Palestine and Great Britain taking Egypt and the eastern shores of the Persian gulf, with the remainder of the Ottoman empire to be divided among the other powers.

Save You Money.

We feel kind of lonesome since Christmas. We had gotten used to the scramble and hustle of the holiday times, and the after-quiet makes us feel as if we had been dumped in the middle of a prairie. Rent and a hundred other expenses go on just as before, and as we can't make money anyway, we might as well lose it with a crowd as in solitude. So here goes prices to make things hum at our store in the Diamond. Come in and look through our superb stock of Overcoats, pick out one to suit you, and deduct one-fourth off the price. For example, if a coat is marked \$16 take it along at \$12; or if marked at \$8 take it along at \$6. In our suit and pants department we will make you reductions that will open your eyes. Come at once as our stock must be reduced.

GENERAL GORDON COMING.

He Has Been Secured for One Lecture.

The people who have been interesting themselves in the coming of General Gordon have at last secured the desired number of signers to the pledge for tickets and the general will be here on the evening of Feb. 7. The lecture will be given in the First U. P. church, and only 75 reserved seats are left. The general needs no recommendation to the public having long been before it. His subject will be the last days of the confederacy. Persons who wish to subscribe can find pledges at the stores of The Cresser-Ogilvie company, Quay & Co. and D. R. McIntosh.

A DEAD BEAT LIST.

One Grocer Thinks It Would Be a Paying Plan.

In speaking of people who refuse to pay their bills a grocer said this afternoon:

"I wish the grocers of this town would come together on a dead beat list. We need it more than any other branch of business. Not a day goes by but what the majority of grocers find at least one dead beat among their customers. We can't always tell them, but if we had a list of the people who refuse to pay their grocery bills we would soon have them spotted. The grocery stores suffer more from dead beats than any other stores in town."

THE EXECUTIVE COMMITTEE.

Prominent Republicans in Town This Afternoon.

The county Republican executive committee held a meeting this afternoon at city hall, and arranged for the coming primaries. Those present from out of the city were: Mayor Mercer, Salem; W. H. Mellinger, Leetonia; W. M. Hostetter, Lisbon; W. A. Thompson, Sallenville; James A. Martin, Lisbon; W. L. Fogo, Wellsville. Plans for the campaign were perfected and arrangements made for the election. The members of the committee see victory in the air for some one, but as one of them remarked there is nothing like fighting for a sure thing.

A MYSTERIOUS PERSONAGE.

But He Denied That He Robbed Lythe's Office.

What is believed to have been an attempt to rob the office at the Lythe sewerpipe works was made last night. Frank Peterson, who resides near the plant, discovered the office door open last night, and notified the engineer. They made a search, but found nothing except a stranger standing near one of the kilns. He claimed he was only warming himself, and denied any knowledge of the office door. Nothing was taken from the office, but footprints on the floor showed some one had been there.

GIVEN TO THE POOR.

Many Plump Pies Dispensed by the Auxiliary.

The dinner given by the Ladies' Auxiliary of the association was liberally patronized today, but all the supplies were not consumed. The ladies then arranged to make the remainder a contribution to some of the poor of the city. There are many poor people in town, and the plump chicken pies which could not be sold were sent to them. The association funds will be fattened by the proceeds of the dinner.

There is good reason for the popularity of Chamberlain's Cough remedy. Davis & Buzard, of West Montevie, Clarion company, Pa., says: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough remedy and they now recommend it with the rest of us." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

A Desperate Case.

The employees of a prominent machine shop up town are laughing at one of their companions. He is a guileless youth, and recently fell in love. He dropped over his head, and has since been unable to see how foolish he appears in the eyes of the world. Every theatrical performance for weeks has known his presence, and they say he was absent from work this morning because his girl was having a tooth filled. The machinists are preparing to give him a reception when he returns to the shop.

Carlton Cornwell, foreman of the Gazette, Middletown, N. J., believes that Chamberlain's Cough remedy should be in every home. He used it for a cold and it effected a speedy cure. He says: "It is indeed a grand remedy. I can recommend to all. I have also seen it used for whooping cough, with the best results." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

Some of the Sick.

John Messer, of Chester, is suffering from an attack of typhoid fever. Miss Hattie Bucher, of Calcutta road, who has been suffering with typhoid fever for nine weeks had a relapse last night and is very low. Thomas Farmer, of Sixth street, is ill with typhoid fever.

Many stubborn and aggravating cases of rheumatism that were believed to be incurable and accepted as life legacies, have yielded to Chamberlain's Pain balm, much to the surprise and gratification of the sufferers. One application will relieve the pain and suffering and its continued use insures an effectual cure. For sale by A. H. Bulger, druggist.

Made a Good Record.

Director Hertel, of the Turners of this city, returned home last night from Jeannette, where he was attending an examination of the first assistant teachers of the society. Mr. Hertel won the high jump with a record of 6 feet 2 inches, defeating some of Pittsburg's best men.

PUBLIC AUCTION.

Don't forget the sheriff's sale of the Cook property next Thursday morning. Five dwelling houses and three vacant lots. Each piece sold separately. Sale begins at 11 o'clock a. m., city time, in Jackson square.

Stole His Dog.

A small boy wandered along Washington street last night crying as though his heart was split in twain. He had owned a dog but other small boys had cut the string, and chased the poor thing away. The boy howled in a loud voice and disappeared down an alley still shouting.

The great majority of men and women, of even very much more than ordinary intelligence, pay no attention whatsoever to the well established rules governing the preservation of health. Simple symptoms of indigestion or slight disarrangements of the stomach or system are treated by them as trivial happenings, having no weight or bearing upon their general health. In this seeming neglect or too much over confidence in their own robustness lies the greatest mistake of their lives, as it is invariably from these little ailments giant chronic diseases spring. To guard fully against such evils use Libby's Phosphate Beef, Iron and Wine; the only true tonic to the stomach system, system and nerves, perfect strength and tissue producer, and new rich blood matter. SEALED BY A SHOT.

A SINGULAR INCIDENT OF THE BATTLE AROUND ANTIETAM.

Union Soldiers Almost Famished For Lack of Water Discover a Spring—A Confederate Shot Ended the Struggle For the Sparkling Liquid.

From the first peep of dawn Hooker, on the extreme right, having crossed Antietam creek the previous evening, had been pounding the Confederates and getting as good in return, and Mansfield in the center had been seconding Fighting Joe's endeavors with varying success, so that it was fully high noon before Burnside on the left received any intimation that his wing of the army was to have any greater share in the controversy than that of interested auditors. Through there had been some brisk skirmishing in front of the left, all eyes in that quarter were turned toward the center of the stage, and when it was learned that the gallant Mansfield had gone down in the conflict there was many a pang of grief, for Mansfield was a hero.

While the troops lay massed by brigade in the open fields and broiling sun between the creek and the low bluff to the east of the bridge, they sought to prepare themselves for whatever might come by keeping their canteens filled with water. The creek, so near and yet so far, proved to be a danger line for the occupants of both banks of the stream, for it was almost certain death for either Federals or Confederates to approach the stream so that Burnside's men spent their time by relieving in procuring the coveted liquid wherever it could be found in the rear.

Directly eastward from the famous stone bridge, and immediately to the rear of one of the massed brigades, and scarcely 200 yards distant from the creek, was found by some of the eager searchers a diadem in the shape of a stream of cool, pure water pouring from the face of a slaty embankment of scarcely more than ten feet in height.

During all the past time that this diminutive stream had been making its egress from the bosom of the earth it had been permitted to spread itself out over the adjoining meadow land or find its way to the creek through the shallow morass that formed at the base of the insignificant knoll from which it seeped.

Through there had been some brisk skirmishing in front of the left, all eyes in that quarter were turned toward the center of the stage, and when it was learned that the gallant Mansfield had gone down in the conflict there was many a pang of grief, for Mansfield was a hero.

While the troops lay massed by brigade in the open fields and broiling sun between the creek and the low bluff to the east of the bridge, they sought to prepare themselves for whatever might come by keeping their canteens filled with water. The creek, so near and yet so far, proved to be a danger line for the occupants of both banks of the stream, for it was almost certain death for either Federals or Confederates to approach the stream so that Burnside's men spent their time by relieving in procuring the coveted liquid wherever it could be found in the rear.

Directly eastward from the famous stone bridge, and immediately to the rear of one of the massed brigades, and scarcely 200 yards distant from the creek, was found by some of the eager searchers a diadem in the shape of a stream of cool, pure water pouring from the face of a slaty embankment of scarcely more than ten feet in height.

During all the past time that this diminutive stream had been making its egress from the bosom of the earth it had been permitted to spread itself out over the adjoining meadow land or find its way to the creek through the shallow morass that formed at the base of the insignificant knoll from which it seeped.

Never, perhaps, since the creation did such a small trickle of water jump so suddenly into importance and usefulness as did the one in question, for the practiced eyes of the water famished Yankees, who had learned by their experience on the peninsula to smell water afar, followed up the moistened water course to its source, and, having found the head thereof, it was but a matter of a few minutes till they had a solid stream of the sparkling gem of about one-half inch in diameter pouring through a trough which had been improvised from the bark of a nearby sapling.

This improved condition of the little stream, becoming known to all the troops lying near by, proved to be the signal for a general riot, for the struggle for the privilege of holding the canteen under the spout became so boisterous that the officers were compelled to place not only a guard, but a cordon, of troops around it to prevent the contending soldiers from murdering each other in their mad endeavor to get just one taste of the coveted prize. All this, too, in the face of the fact that the Johnnies beyond the creek had opened their batteries and musketry on the columns then moving in the direction of the bridge, and numerous missiles found their way to a disagreeable proximity to the spring. But just as a semblance of order had been restored the word was passed to "fall in," and the life giver was left to itself and for the time forgotten, but as the brigade advanced by battalion the soldier could not refrain from casting a backward glance of regret at the thread of silver dancing in the afternoon sun.

Half an hour later the battle was on in all its fury, and every moment added to the stream of wounded men pouring backward out of the line of danger. Those who knew the spring made straightway for it, followed by others, for who of those who ever had the experience can forget for a moment the terrible condition of a wounded soldier with an empty canteen?

If the strife for possession of the spring previous to the advance had been furious, it was now a thousand times worse, for around that bit of moisture surged a maddened, frenzied mass of bleeding humanity in all the conditions of wounds resulting from the fierce battle then raging less than half a mile distant and consequent turmoil. So fierce was the struggle that they destroyed the spout, and the mad and famished men would rush forward if only to get a hand wet.

At this supreme moment a Federal battery took a position on the knoll immediately above the spring and opened on the enemy. This brought a reply from a Confederate battery on the high ground beyond the creek, and about the first gun from the other side settled the contention as to the value of the little stream, for a solid shot struck the embankment about a foot above the outlet of water, buried itself out of sight and shut off the water as completely as a faucet ever stopped the flow from the nozzle of a hydrant. Notwithstanding the excellent practice of the rebel artillery, some of the suffering soldiers hovered about the spot for a time in the hope that the water would find another outlet, but such proved a vain dream indeed, as the writer, 80 days thereafter, passing that way, sought a sip of the coveted nectar and found the only evidence that a stream had ever flowed from the spot to be the dilapidated remains of the improvised bark spout.

A NEGRO DESPERADO LYNCHED.

Killed One Man and Wounded Two on a West Virginia Train.

HUNTINGTON, W. Va., Jan. 29.—Alex. Jones, a negro desperado, has been lynched by a mob at Hemphill and his body riddled with bullets. He was dragged from a train on his way here under arrest. Jones boarded a west-bound passenger train at Keystone. He was under the influence of liquor and very boisterous.

He abused the conductor and refused to pay his fare. He then pulled two revolvers and commenced firing at random through the car, which was crowded with people, emptying both weapons.

W. H. Strother, postmaster at Elk-horn, was shot through the abdomen and almost instantly killed. Conductor McCullough was shot in the side, but not seriously wounded, and Peter Rice, a colored miner, was shot through the right breast and will probably die.

The following note was pinned on the body: "This deed was done for the purpose of example and warning to negroes, so beware."

Some of the most prominent and influential citizens of this section composed the mob. Jones, it is alleged, had killed three men prior to his last offense. An effort was made by Jones' friends to rescue him from the angry mob, but proved to be futile.

Frank Peterson, who resides near the plant, discovered the office door open last night, and notified the engineer. They made a search, but found nothing except a stranger standing near one of the kilns. He claimed he was only warming himself, and denied any knowledge of the office door. Nothing was taken from the office, but footprints on the floor showed some one had been there.

GIVEN TO THE POOR.

Many Plump Pies Dispensed by the Auxiliary.

The dinner given by the Ladies' Auxiliary of the association was liberally patronized today, but all the supplies were not consumed. The ladies then arranged to make the remainder a contribution to some of the poor of the city. There are many poor people in town, and the plump chicken pies which could not be sold were sent to them. The association funds will be fattened by the proceeds of the dinner.

There is good reason for the popularity of Chamberlain's Cough Remedy. Davis & Buzard, of West Monterey, Clinton company, Pa., says: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough Remedy and they now recommend it with the rest of us." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

A Desperate Case.

The employees of a prominent machine shop up town are laughing at one of their companions. He is a guileless youth, and recently fell in love. He dropped over his head, and has since been unable to see how foolish he appears in the eyes of the world. Every theatrical performance for weeks has known his presence, and they say he was absent from work this morning because his girl was having a tooth filled. The machinists are preparing to give him a reception when he returns to the shop.

Carlton Cornwell, foreman of the Gazette, Middletown, N. J., believes that Chamberlain's Cough Remedy should be in every home. He used it for a cold and it effected a speedy cure. He says: "It is indeed a grand remedy. I can recommend to all. I have also seen it used for whooping cough, with the best results." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

The great majority of men and women, of even very much more than ordinary intelligence, pay no attention whatsoever to the well established rules governing the preservation of health. Simple symptoms of indigestion or slight disarrangements of the stomach or system are treated by them as trivial happenings, having no weight or bearing upon their general health.

In this seeming neglect or too much over confidence in their own robustness lies the greatest mistake of their lives, as it is invariably from these little ailments giant chronic diseases spring. To guard fully against such evils, use Libby's Phosphatic Beef, Iron and Wine; the only true tonic to the stomach system, system and nerves, perfect strength and tissue producer, and new rich blood matter. SEALED BY A SHOT.

A SINGULAR INCIDENT OF THE BATTLE AROUND ANTIETAM.

Union Soldiers Almost Famished For Lack of Water Discover a Spring—A Confederate Shot Ended the Struggle For the Sparkling Liquid.

From the first peep of dawn Hooker, on the extreme right, having crossed Antietam creek the previous evening, had been pounding the Confederates and getting as good in return, and Mansfield in the center had been seconding Fighting Joe's endeavors with varying success, so that it was fully high noon before Burnside on the left received any intimation that his wing of the army was to have any greater share in the controversy than that of interested auditors. Through there had been some brisk skirmishing in front of the left, all eyes in that quarter were turned toward the center of the stage, and when it was learned that the gallant Mansfield had gone down in the conflict there was many a pang of grief, for Mansfield was a hero.

While the troops lay massed by brigade in the open fields and broiling sun between the creek and the low bluff to the east of the bridge, they sought to prepare themselves for whatever might come by keeping their canteens filled with water. The creek, so near and yet so far, proved to be a danger line for the occupants of both banks of the stream, for it was almost certain death for either Federals or Confederates to approach the stream so that Burnside's men spent their time by reliefs in procuring the coveted liquid wherever it could be found in the rear.

Directly eastward from the famous stone bridge, and immediately to the rear of one of the massed brigades, and scarcely 200 yards distant from the creek, was found by some of the eager searchers a diadem in the shape of a stream of cool, pure water pouring from the face of a slaty embankment of scarcely more than ten feet in height.

During all the past time that this diminutive stream had been making its egress from the bosom of the earth it had been permitted to spread itself out over the adjoining meadow land or find its way to the creek through the shallow morass that formed at the base of the insignificant knoll from which it seeped.

Never, perhaps, since the creation did such a small trickle of water jump so suddenly into importance and usefulness as did the one in question, for the practiced eyes of the water famished Yankees, who had learned by their experience on the peninsula to smell water afar, followed up the moistened water course to its source, and, having found the head thereof, it was but a matter of a few minutes till they had a solid stream of the sparkling gem of about one-half inch in diameter pouring through a trough which had been improvised from the bark of a nearby sapling.

This improved condition of the little stream, becoming known to all the troops lying near by, proved to be the signal for a general riot, for the struggle for the privilege of holding the canteen under the spout became so boisterous that the officers were compelled to place not only a guard, but a cordon, of troops around it to prevent the contending soldiers from murdering each other in their mad endeavor to get just one taste of the coveted prize. All this, too, in the face of the fact that the Johnnies beyond the creek had opened their batteries and musketry on the columns then moving in the direction of the bridge, and numerous missiles found their way to a disagreeable proximity to the spring. But just as a semblance of order had been restored the word was passed to "fall in," and the life giver was left to itself and for the time forgotten, but as the brigade advanced by battalion the soldier could not refrain from casting a backward glance of regret at the thread of silver dancing in the afternoon sun.

Half an hour later the battle was on in all its fury, and every moment added to the stream of wounded men pouring backward out of the line of danger. Those who knew the spring made straightway for it, followed by others, for who of those who ever had the experience can forget for a moment the terrible condition of a wounded soldier with an empty canteen?

If the strife for possession of the spring previous to the advance had been furious, it was now a thousand times worse, for around that bit of moisture surged a maddened, frenzied mass of bleeding humanity in all the conditions of wounds resulting from the fierce battle then raging less than half a mile distant and consequent turmoil. So fierce was the struggle that they destroyed the spout, and the mad and famished men would rush forward if only to get a hand wet.

At this supreme moment a Federal battery took a position on the knoll immediately above the spring and opened on the enemy. This brought a reply from a Confederate battery on the high ground beyond the creek, and about the first gun from the other side settled the contention as to the value of the little stream, for a solid shot struck the embankment about a foot above the outlet of water, buried itself out of sight and shut off the water as completely as a faucet ever stopped the flow from the nozzle of a hydrant. Notwithstanding the excellent practice of the rebel artillery, some of the suffering soldiers hovered about the spot for a time in the hope that the water would find another outlet, but such proved a vain dream indeed, as the writer, 30 days thereafter, passing that way, sought a sip of the coveted nectar and found the only evidence that a stream had ever flowed from the spot to be the dilapidated remains of the improvised bark spout.—Pittsburg Dispatch.

A NEGRO DESPERADO LYNCHED.

Killed One Man and Wounded Two on a West Virginia Train.

HUNTINGTON, W. Va., Jan. 29.—Alex Jones, a negro desperado, has been lynched by a mob at Hemphill and his body riddled with bullets. He was dragged from a train on his way here under arrest. Jones boarded a west-bound passenger train at Keystone. He was under the influence of liquor and very boisterous.

He abused the conductor and refused to pay his fare. He then pulled two revolvers and commenced firing at random through the car, which was crowded with people, emptying both weapons. W. H. Strother, postmaster at Elkhorn, was shot through the abdomen and almost instantly killed. Conductor McCullough was shot in the side, but not seriously wounded, and Peter Rice, a colored miner, was shot through the right breast and will probably die.

The following note was pinned on the body: "This deed was done for the purpose of example and warning to negroes, so beware." Some of the most prominent and influential citizens of this section composed the mob. Jones, it is alleged, had killed three men prior to his last offense. An effort was made by Jones' friends to rescue him from the angry mob, but proved to be futile.

EXPRESS AGENT ARRESTED.

He and His Father Suspected of the Robbery at Colorado Springs, Colo.

DENVER, Jan. 29.—Pinkerton detectives have arrested Express Agent Krouse of Colorado Springs on the charge of being implicated in the theft of \$50,000 from the Wells Fargo company several months ago. His father was also arrested on a train at Walsenburg as he was leaving the state, and about \$4,000 was found sewed up in his clothing. The robbery occurred on the night of Nov. 11 at the Santa Fe depot in Colorado Springs just after the night train pulled out south. George K. Rount, the agent, said that two men had overpowered him in his office and taken two packages consigned from Denver banks, which contained \$35,000, overlooking another package containing \$15,000. As Mr. Krouse had been in the employ of the Wells-Fargo Express company for a number of years suspicion did not at first point to him. Krouse's father, a farmer, came to Colorado Springs from Cerrito, Ill., Jan. 21. His actions excited suspicion.

Ladies Plead For Suffrage.

WASHINGTON, Jan. 29.—The senate marble room was completely filled by a delegation of ladies from the National Equal Suffrage association, who appeared before the senate committee on women's suffrage to present their plea for recognition at the ballot box. Senators Call and Peffer were the only members of the committee present, and they were late in arriving. A delegation also visited the judiciary committee room of the house and made speeches to the committee.

Runyon's Official Funeral Tomorrow.

BERLIN, Jan. 29.—The official funeral services over the remains of Mr. Theodore Runyon, late ambassador of the United States to Germany, will take place at Castle Mondifons tomorrow.

The private services were held yesterday. All the necessary arrangements are being made. The French ambassador, M. J. Herbette, will act as doyen of the diplomatic corps and the foreign office will be largely represented.

A Democratic Committee Appointed.

PHILADELPHIA, Jan. 29.—Pursuant to the resolution authorizing the appointment of the sub-committee of the Democratic national committee, which is to have charge of the arrangements for the Democratic national convention at Chicago, Chairman Harriety has appointed the following members of the Democratic national committee to constitute the sub-committee: W. F. Harriety, chairman, Pennsylvania; S. P. Sheerin, secretary, Indiana; A. P. Gorman, Maryland;
